

Product Name :
Cut Model of Common Rail Turbo Diesel Engine

Product Code :
ENGLABINGCAG3500014

Description :

Cut Model of Common Rail Turbo Diesel Engine

Technical Specification :

FEATURES:

Operated: Manually (Through a Crank Handle)
Equipment Layout: On Base
Fine finish
Functional accuracy
Simple operations

SPECIFICATION:

4 stroke engine
4 in-line cylinders
Displacement: 1300 cc
Indirect injection
VE Bosch type rotary injection pump
Overhead camshaft (OHC)
Distribution through a toothed belt;
Alternator
Thermostatic valve
Power: 45 hp.
Water cooling

Engineering Lab Equipment India
