

**Product Name :**  
Cut Model of Common Rail Turbo Diesel Engine

**Product Code :**  
ENGLABINGCAG3500014

**Description :**

Cut Model of Common Rail Turbo Diesel Engine

**Technical Specification :**

**FEATURES:**

Operated: Manually (Through a Crank Handle)  
Equipment Layout: On Base  
Fine finish  
Functional accuracy  
Simple operations

**SPECIFICATION:**

4 stroke engine  
4 in-line cylinders  
Displacement: 1300 cc  
Indirect injection  
VE Bosch type rotary injection pump  
Overhead camshaft (OHC)  
Distribution through a toothed belt;  
Alternator  
Thermostatic valve  
Power: 45 hp.  
Water cooling
