

Product Name :
Working Model of Gear Box

Product Code :
ENGLABINGCAG3500032

Description :

Working Model of Gear Box

Technical Specification :

FEATURES:

Gear box with clutch model ideal for classroom demonstrations
Cross-sectioned various parts to show internal operation
Equipment Layout: On Base with wheel
Fine finish
Operated: Manually
Simple operations
Functional accuracy

SPECIFICATION:

Gearbox: 4 forward speeds + reverse
4 stroke engine
4 in-line cylinders
Indirect injection
Feeding by turbo supercharger
VE Bosch type rotary injection pump
Overhead camshaft (OHC)
Distribution through a toothed belt;
Alternator

Thermostatic valve
Single-plate clutch with diaphragm
Water cooling
