

Product Name :
Low Voltage Safety Training Unit

Product Code :
ENGLABINGCAG5000193

Description :

Low Voltage Safety Training Unit

Technical Specification :

Training platform adopts aluminum frame type structure, measuring instrument and load module uses the way of hanging box installation, training power built-in integrated installation, each unit with flexible, easy to use, not easy to damage.

The experimental circuit and devices are fully configured and can be used in combination to complete the training contents of a variety of subjects.

The training platform has a good security system.
