

Product Name :
BOD Incubator

Product Code :
ENGLABINGCAG3800004

Description :

BOD Incubator

Technical Specification :

TECHNICAL PARAMETERS:

Housing Material: CRC /Mild Steel duly power Coated

Compressor: Kirloskar

Duty Cycle: Continuous

Interior: illumination provide inside the chamber

Refrigerant: R 134

Power Consumption: 220/ 230V AC supply +- 10% 50Hz.

Safety Function: Safety Controller for Safety of Digital Temp. Controller cum Indicator and Cooling Compressor

Temperature Range: 5°C - 50°C

Temperature Stability: +-0.5°C or Better

Optional: RSS 232 Communication Interface

Optional: Double Colour Gate, Top and Grill

Optional: Illumination of 3 Fluorescent tube 2Ft. for 4, 6, 10, 12 Cuft. BOD, 24 Hrs. Cyclic Manual Timer, Voltage Stabilizer, Capacity as per size / Cap. requirement.

Engineering Lab Equipment India
